BEST PRACTICE

Diagnostic Test for learning level assessment

(From 2021-22)

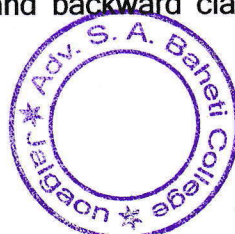

Our mission is “to empower the student to achieve all round development throughout academic excellence, physical fitness, mental and spiritual health and social consciousness”. The vision is reflected through the policies implemented by the college. For all round development of the student, the college has focused on the different aspect of the students. At initial stage we have to assess his learning level. The students admitted in the college belong to rural area, slum area, farmer’s family and backward class community. Therefore whatever knowledge they receive in the previous class need to access at the entry point. It is necessary to find out the student’s academic depth that determined some students need regular attention and some of them need only guidance. To identify the slow and advance learner and to access the academic level of the students, the college has conducted a Diagnostic Test at the beginning of the year. Due to this practice we assesses the learning level of the students and implement the special programme for slow and advance learners.

Objective of the Practice

- 1) To identify the appropriate depth of the student in the specific subject.
- 2) To highlight their weakness in the particular subject and overcome it.
- 3) To encourage the students to study the different subject.
- 4) To organise special programme for slow and advance learners.

Context

The students admitted in the college from different background. Mainly student from farmer’s family slum area and backward class community are admitted.

They belong to a poor family and can't afford extra coaching fees. As a result they find weak in some difficult subject. The college has decided to focus on such slower learners and for that purpose the Diagnostic Test has been introduced. This system proves very fruitful to identify slow and advance learner amongst the students. The main purpose of this test is to highlight the level of the students in particular subject and take remedial action for their upliftment.

The Practice

The students from farmers and poor families have always engaged with monetary problem. Most of the students earn while they learn. The college aims at to cater to the needs of the students belonging to diverse economic background and farmer's family. We have noticed that such students who have neglected their studies due to their economical and other reasons have become weaker in difficult subjects like English, Accountancy etc. in order to drag such students up to mark, College has organised a test namely Diagnostic Test/Scrutiny Test. At the first year of Degree College, we have conducted this test which carries 50 marks. It is based on MCQ. The Test is compulsory to F.Y. students in the difficult subject through which we can sort out the weaker or slower students in that particular subject.

The classification of slower learner and advanced learner is done on the basis of marks obtained in XII class and marks obtained in diagnostic test. If this ratio comes to 50% or more, these students are considered as Advance learner and rest of the students who marked below 50% are considered as Slow learner. After identification of slower and advance learner, the college has conducted extra Coaching Classes/Remedial Coaching for Slow learners.

Evidence of Success

The Diagnostic Test proves fruitful to assess the learning level of the students. In the classroom teachers must deal with different students. Some are clever while others are academically weak. Through this practice our purpose is served to enhance the knowledge and depth of slow learners. The students give better performance in university exam.

The college has conducted Diagnostic Test in the following subjects at F.Y. level of degree in commerce.

- 1) English
- 2) Accountancy
- 3) Computer

Our efforts at F.Y. level show the better performance of the students at final year. It improves the learning level of the student.

During the pandemic period the College has followed the practice for identifying advance and slow learners by their merit of previous examination.

Problem encountered and Resources Required

The Diagnostic Test conducted at the beginning of the academic year and it made compulsory for F.Y. students of commerce & Arts. It can be observed that the students are not showing interest in this test. They may have inferiority complex in their mind and also fear of cancellation of admission if they score low in this test. They feel that this test is one of the parameter for confirmation of the admission. The teachers are interacted with students & inform about the diagnostic test which is only to judge the academic level of the student.

A handwritten signature in blue ink, appearing to read "S. A. Baheti".

Best Practice

Grow with Game

(From 2021-22)

The Krida Rasik Education institute is established by the sportsmen. Convert student from ground to Classroom is the main intention. They established this College catering to the higher education needs of sports students and students belonging to Slum and rural area. This is the primer educational institute in the region which is established by sports persons from different sports area. The institute is well-known for "Kabaddi". Therefore main focus of the institute is to promote sport culture in the college in particular and in society in general. With this college has adopted and introduce the best practice of "Grown with Game." The main focus is an sports and thereby develop the personality of the student. Sports plays important role in the development of the human personality and hence we concentrate on the sports. Students of our College as well as the students of other school and colleges in the city can participate in this scheme. Grow with Game is the service based activity expected for all type of students for their allround development through sports and exercise. The college campus with well maintained Play Ground, Well equipped Gym., Sports equipments, expertise available in the college, devoted and committed alumni for coaching and guidance etc. is made available to support the activity "Grow with Game."

Obejctive of the Practice:-

The mission of the College matches with the vision that to empower the student to achieve all-round development through academic excellence, Physical Fitness, Mental & Spiritual Health and social consciousness. As a result the college has adopted this practice with the following main objectives.

- 1) To support & encourage the sports players of the City.
- 2) To develop the sports culture in the society.
- 3) To increase the participation of the students in different sports events.
- 4) To provide facilities to sports students as to grow on the ground.
- 5) To create health consciousness among the students.

The Context:-

The College was established under the society named as "Krida Rasik Education Society" that means this is the educational Society of the Sports enthusiasts . Due to every enduring passion for sports, "Grow with Game" is the mission framed for upcoming five years. It can be observed that the addiction of Mobile and lack of physical fitness the youngsters are away from the ground. There participation in sports

activities decreased day-by-day. Sound mind in sound body is the intention of the practice, but students are not much interested in Physical Fitness and exercise. Government offered the job to players through reservation in sports quota. Our attempt is to prepared the students for their career in sports field. Regular exercise, participation in sports activity and first hand Coaching for sports make the students fit for survival.

The Practice:-

We genuinely focus on the all-around development of the students through sports which exhibit leadership skills and qualities. Students can develop their own personality. To execute the idea of Growth with Game , we work in the following manner.

- 1) Membership is mandatory part of this scheme. All the facilities are provided to register member.
- 2) The player/student who want to be a part of this scheme, should enrolled his name.
- 3) Our previous scheme i.e. sportsman guardian scheme is continued to encourage the sports students. Under this scheme scholarship is granted the sports students.
- 4) Gymnasium is made available to the students enrolled for this scheme.
- 5) Coaching camps are organized time to time.
- 6) Experts and special Coach's are appointed to guide the students.
- 7) Play grounds, Play equipments is made available to the students.
- 8) Sports Shoes Kit is made available to the students.
- 9) Yoga Camp is organized regularly.
- 10) Daily 6 to 9 pm. Is time devoted for ground practice.
- 11) The Physical Director Mr. S.M. Kogta is the co-ordinator of this scheme and a sports committee assist him for the purpose.

Evidence of Success"-

- As result of this, students are enrolled for Grow with Game scheme of which 44 boys players are enrolled.
- Students have shined in sports like Archery, Wrestling, Softball, Cricket, Chess, Hockey, Fencing, Table Tennis and Kabaddi.
- The students of Primary, Secondary School and Higher Secondary School are participated at different level and various sports events.
- The students from local schools are get benefited of this scheme.

Problems encountered and resources required:-

We emphasizing the importance of sports and fitness in pupil's lives for inculcating Team Spirit, Leadership Skill, Sportsmanship. At the initial stage of this scheme, we have noted few basic problems.

- 1) Students are least interested in daily physical excecise.
- 2) Girls students are reluctant from ground activity. Their quantum is also very less.
- 3) Parents are concentrate on Classroom performance of the student but they hardly encourage their wards for sports and ground activities.

Thus, we proudly hold the tag of being the most popular educational institute in the university managed by the sports people. We made sure that the sports facilities are always available even for other institutions in Jalgaon city for their sports activities.

खेळाडू नोंदणी अर्ज

खेळाडूचे संपूर्ण नांव : उदय सुनिष चौधरी
पत्ता : सिद्धि विनायक कॉलनी पिंपळा
शिक्षण : दुर्गा काशिनाथ पलाड पब्लीक जळगांव
जन्म तारीख : 09/02/2002 वजन : 55
वडिलांचा व्यवसाय : दुध डेअरी
नोकरी : ---
भाऊ : 9 बहीण : 9
आवडता छंद : विज्ञान खेळ : कबड्डी
इतर : ---
खेळायला सर्वप्रथम कोणाबरोबर आलात ? भावाबरोबर

मंडळाचे नियम

- 1) खेळाडूला खेळतांना कोणत्याही स्वरूपाची शारीरिक इजा झाल्यास खेळाडू स्वतः जबाबदार राहिल. मंडळ कोणत्याही प्रकारची आर्थिक मदत करण्यास बांधील राहणार नाही.
- 2) मैदानावर येणाऱ्या खेळाडूने कोणत्याही प्रकारचे धुम्रपान करण्यास मनाई आहे.
- 3) खेळाडूने मंडळातर्फे खेळण्यास जातांना शिस्तीचे काटेकोरपणे पालन करणे बंधनकारक आहे. बेशिस्त वर्तन करणाऱ्या खेळाडूला मंडळातून कमी करण्याचा अधिकार मंडळास राहिल.
- 4) मंडळात नोंदणी केल्यानंतर तीन वर्षे खेळाडूस मंडळ सोडता येणार नाही.
- 5) तीन वर्षांनंतर मंडळ सोडायचे असल्यास तसा रितसर अर्ज कारणासह मंडळाकडे देणे बंधनकारक आहे. त्यावर मंडळाचे पदाधिकारी विचार करून अंतिम निर्णय देतील.
- 6) जो खेळाडू मंडळास रितसर अर्ज न देता इतर मंडळाकडून खेळतांना आढळल्यास त्याच्यावर दंडात्मक कारवाई करण्यात येईल.
- 7) खेळाडूने मैदानावर येतांना योग्य त्या गणवेशात व वेळेवर दररोज सरावास येणे बंधनकारक आहे. अन्यथा अशा खेळाडूस कोणत्याही स्पर्धेत भाग घेऊ दिला जाणार नाही.
- 8) प्रत्येक खेळाडूने दरवर्षी स्वतःचा मेडीकलेम विमा काढून घेणे बंधनकारक राहिल.

मी आपल्या क्रीडा रसिक मंडळाचा सभासद होऊ इच्छितो. मी मंडळाच्या सर्व नियमांचे काटेकोर पालन करीन. भविष्यात माझ्याकडून काही चूक झाल्यास माझ्याबद्दल मंडळ जो काही निर्णय घेईल तो मला मान्य व माझ्यावर बंधनकारक राहिल.
